## Overview

### Rulings

---

Senate delegates to the Dean, UQ Graduate School and the Director, Student Administration its powers to approve spending of funds if the expenditure is for a scholarship or award funded by bequest, donation or special grant. This delegation is made in terms of section 11(3) of the University of Queensland Act 1998.

Senate: 10 April 2014

### Terminology

---

#### Dean

UQ Graduate School Dean.

#### UQ Graduate School Scholarship (UQGSS) rate

A rate set by UQ annually and outlined in the UQ and RTP Research Scholarships policy, which provides living scholarships to Higher Degree by Research (HDR) candidates.

### Philanthropic Scholarship Categories

---

#### Living

A stipend to support living costs that, in UQ's case is, at a minimum, equivalent to the UQ Graduate School Scholarship (UQGSS) rate.

#### Top-up

A supplementary payment in addition to a living allowance stipend. A top up scholarship can only be administered where a candidate is already receiving a living stipend.

#### Development Grant

A one-off payment to support a Higher Degree by Research Candidate to undertake a development activity, which may potentially include travel. Historically this category was often presented as travel, but greater flexibility was needed for candidates and where possible this has been adjusted to Grant.

#### Travel (historical)

Funds to support domestic or global travel.

#### Grant (historical)

A payment to support a Higher Degree by Research candidate.

### Assessment

---

Scholarships must be awarded through a transparent and competitive process as per the UQ and RTP Research Scholarships policy.

### Terms and Conditions

---

All Schedule-A philanthropic scholarship recipients must be managed in accordance with the UQ and RTP Research Scholarships and other relevant UQ policies.

## Financial Awards

### A & J Gratcheff Memorial Fund Scholarship

This scholarship was established through a donation from Mrs Valentine Finner, for students undertaking and conducting research into clinical geriatric medicine, with a preference being given to studies in Alzheimer's disease. The scholarship is maintained by an underlying trust initially established in 1992, the terms of which were considered and updated through an application under the University of Queensland Act 1998 (Qld) in 2023.

#### Type

Higher Degree by Research, Top Up Scholarship

#### Eligibility

The Scholarship is open to HDR students undertaking research in the field of clinical geriatric medicine. Preference may be given to students who (in order of priority):

- are researching Alzheimer's disease; and/or
- have completed the Doctor of Medicine or its equivalent.

#### Selectors

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

#### Selection Process

Applicants will be ranked on the basis of:

- academic achievement and the potential of scholastic success; and
- any other matters the selection committee considers to be relevant to the applicant's future research development.

#### Duration

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

#### Value

The value of the scholarship is at least \$10,000 and shall not exceed disbursements available from the fund. The Dean of the Graduate School will determine the number and value of Scholarships to be awarded based on the availability of disbursements from the fund.

### Adam Gillespie Memorial Scholarship for Animal Husbandry

Established in 1990 and maintained by the income from a bequest of \$65,100 from Elsie Gillespie as a memorial to Adam Gillespie. The purpose of the scholarship is to support Higher Degree by Research students studying in the field of animal husbandry.

#### Type

Higher Degree by Research, Living Scholarship.

#### Eligibility

The scholarship is open to full-time HDR students studying in the field of animal husbandry.

#### Selectors

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation by a Graduate School selection committee.

#### Selection Process

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success; and
- strength of commitment to pursue a career in animal husbandry; and
- any other matters the selection committee considers to be relevant to the applicant's future success in their studies.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein. The scholarship shall be awarded when the Duration falls vacant or sufficient funds become available.

**Value**

The value of the scholarship will be no less than UQGSS rate. The value of the scholarship shall not exceed disbursements available from the fund. The Dean, UQ Graduate School may determine the number of scholarships to be awarded with regards to the value of the fund.

---

**Alan Grant-Taylor Memorial Scholarship**

---

Established in 1995 and maintained by an annual award from the Alan Grant-Taylor Memorial Scholarship Fund to assist in the conduct of research in the field of community pharmacy practice.

**Type**

Higher Degree by Research, Top-up Scholarship.

**Eligibility**

The scholarship is open to Higher Degree by Research candidates who are successful in receiving a base stipend scholarship to undertake research in the field of community pharmacy practice.

**Selectors**

Selection will be made by the Dean of the UQ Graduate School on recommendation by the Head of School of Pharmacy after consultation with a committee comprising:

- the Head of the School of Pharmacy, or nominee, as Chair of the Committee; and
- the School of Pharmacy Postgraduate Coordinator, or nominee; and
- two members of the School of Pharmacy academic staff

**Selection Process**

Applicants will be ranked on the basis of:

- academic merit; and
- relevant research and/or professional experience and achievements; and
- demonstrated track-record and/or potential to engage in activities that advance community pharmacy practice; and
- the quality of the proposed research program and its potential impact on community pharmacy practice.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

**Value**

The Dean of the UQ Graduate School will determine the number of scholarships to be awarded and the value of each scholarship so that disbursements available from the fund are not exceeded, with a minimum scholarship value of \$10,000 per annum.

---

**Alfred Midgley Postgraduate Scholarship**

---

The scholarship was established in 2010 and is funded by a bequest from the estate of Zoe Ann Burnett, in memory of her grandfather the late Dr Alfred Midgley. The scholarship is also maintained by a gift from Dr Yoni Ryan, who through this scholarship, supports the life-changing power of education and a commitment to the

pursuit of research in the field of literature. She hopes her gift will give postgraduate student starting out on their research careers the opportunity to flourish intellectually and personally through education at UQ.

**Type**

Higher Degree by Research, Top-Up.

**Eligibility**

The Scholarship is open to Higher Degree by Research candidates conducting research in the field of Australian Literature.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on the advice of the Head of School, Communication and Arts.

**Selection Process**

Applicants will be ranked on the basis merit as deemed by:

- The applicant's academic performance as an undergraduate student, to date;
- The likelihood of the applicant's research producing excellent research outcomes; and
- any other matters the selection committee considers to be relevant to the applicant's future success in their studies.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein. The scholarship shall be awarded when the Duration falls vacant or sufficient funds become available.

**Value**

The value of the scholarship shall be a minimum of \$6,000 per annum and not exceed disbursements available from the fund. The Dean of the Graduate School will determine the number and value of scholarships to be awarded based on the availability of disbursements from the fund.

---

**Alumni Friends HDR Dentistry Top-Up Scholarship**

---

To mark the 2019 closure of the Alumni and Friends Dentistry Special Interest Group, the caretaker committee (Dr Chris Muir, Dr Marcus Tod and Dr John O'Hare) with the support of Dr Stephen Papas, spearheaded a program of fund-raising in order to establish an endowment fund to support Research for the Provision of Oral Health care for those suffering long-term hardships. The scholarship will support a Higher Degree by Research student facing financial hardship who is undertaking research in oral health, with a preference for candidates whose research will benefit oral health in disadvantaged communities.

**Type**

Higher Degree by Research, Top-up Scholarship

**Eligibility**

The scholarship is open to International and Domestic candidates who are successful in receiving a base stipend scholarship to undertake a Higher Degree by Research in the area of oral health, and who are facing financial hardship. A preference will be given to candidates undertaking research that benefits oral health in disadvantaged communities. Students in receipt of this scholarship should not be in receipt of any other top up scholarships.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

**Selection Process**

Applicants will be ranked on the basis of:

- Academic achievement and the potential of scholastic success
- Any other matters the selection committee considers to be relevant to the applicant's future research development.
- Applicants may be requested to submit supporting evidence or other documentation as part of the selection process.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

**Value**

At least \$12,000 per annum over the balance of the successful applicant's degree. The value of the scholarship shall not exceed disbursements available from the fund. The Dean, UQ Graduate School, may determine the number of scholarships to be awarded based on the availability of disbursements from the fund.

---

**Alumni Friends Society UQ 3MT People's Choice Award**

---

The Three Minute Thesis competition celebrates the research of PhD students. Developed by the University of Queensland, the exercise cultivates students' academic, presentation and research communication skills. At the UQ Final, the audience are invited to vote for their personal 'winner'. The student who gains the largest number of votes receives The People's Choice Award. The UQ 3MT People's Choice prize was established and first awarded in 2012, at the suggestion of Dr Stephen Papas OAM, Past President of Alumni Friends of the University of Queensland.

In planning for the closure of the Incorporated Association (2020), and its replacement by the Alumni Friends Society, scholarships and prizes previously provided by the Incorporated Association are being donated to UQ to ensure that these important awards continue.

**Type**

Higher Degree by Research, 3MT Research Grant

**Eligibility**

The scholarship is open to International and Domestic candidates who participate in the UQ 3MT Final competition and are successful in receiving the largest number of votes from the audience.

**Selectors**

Selection of a recipient scholar will be confirmed by the Dean of the Graduate School on the outcome of the voting process for the people's choice award.

**Selection Process**

Candidates will be ranked on the basis of:

- Progression to be able to compete in the UQ 3MT Final
- Number of votes received in the People's Choice voting period.
- Compliance with the rules outlined as part of the 3MT competition.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

**Value**

The Scholarship will be a minimum of \$1000. The value of the scholarship shall not exceed disbursements available from the fund. The Dean, UQ Graduate School, may determine the number to be awarded with regards to the availability of disbursements from the fund and if there are 2 students who receive equal number of votes.

---

**Baillieu Research Scholarship**

---

The purpose of the scholarship is to support a Higher Degree by Research candidate in the field of medicine, law, commerce, economics or architecture.

The scholarship was initially established by UQ in 1954 through the generous gift of the Honourable William Lawrence Baillieu and family. The Baillieu family wished to support descendants of World War I veterans who had been killed, blinded or totally and permanently incapacitated during service. The scholarship is maintained on trust pursuant to the *Repatriation Fund (Baillieu Gift) Act 1937*.

**Type**

Higher Degree by Research, Grant.

**Eligibility**

The scholarship is open to HDR candidates in the field of medicine, law, commerce, economics or architecture.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on recommendation by a selection committee established by the Dean of the Graduate School.

**Selection Process**

Applicants will be ranked on the basis of:

- Academic achievement and experience and potential for scholastic success; and
- Any other matters the selection committee considers to be relevant to the applicant's future research development.

Applicants who provide evidence that they are a lineal descendant of an Australian soldier or sailor who died or was blinded or was totally and permanently incapacitated as a result of his service in World War I will be given preference in the selection process.

**Duration**

The scholarship may be held for up to 1 year and awarded when the Duration falls vacant.

**Value**

The value of the scholarship is at least \$5,000 and shall not exceed disbursements available from the fund. The Dean of the Graduate School will determine the number and value of scholarships to be awarded based on the availability of disbursements from the fund.

---

**Berlin Residency Award**

This gift, donated by Adjunct Professor Ian Kemish AM and Ms Roxanne Martens, will allocate support and encourage postgraduate students to engage in research and related activities in and around Berlin, Germany. The donors of this scholarship are motivated by a desire to strengthen ties between Germany and Australia, to promote postgraduate research and engagement opportunities in Berlin and to open up new connections for collaboration between UQ and German Humanities scholars and institutions

**Type**

Higher Degree by Research, Travel.

**Eligibility**

- The scholarship is open to current HDR candidates in the fields of the Humanities, Arts, and Social Sciences.
- The activities undertaken by the student as part of their travel must leverage unique research capabilities or collections of German institutions, with the potential to increase overall Australia-Germany engagement in the long term.
- The travel must occur to and around Berlin, Germany.

**Selectors**

The scholarship is awarded by the Dean of the Graduate School on the recommendation of a selection committee comprising:

- The Associate Dean, Research, Faculty of Humanities, Arts and Social Sciences, or their delegate; and
- Academic representatives as invited by the Associate Dean, Research, Faculty of Humanities, Arts and Social Sciences

## Selection Process

Applicants will be selected on the basis of:

- evidence of relevant background and expertise for the proposed project to which the travel relates;
- viability of the project being undertaken;
- how the travel contributes to the postgraduate student's development and builds new connections for UQ-wide collaboration;
- commitment to developing deeper ties between Germany and Australia;
- potential impact of the program on the applicant's academic and professional future; and
- where the other criteria has been met, there is a preference for the scholarship to support:
  - a student experiencing financial hardship (in consideration of financial hardship, the selection panel may take into account whether the student is in receipt of any top up scholarships); and/or
  - an Aboriginal and Torres Strait Islander student

## Duration

The scholarship may be held for the period of travel, up to a maximum of 1 year.

## Value

The value of the scholarship is up to \$10,000 per award, to include \$5,000 from the donors and \$5,000 matching funds from the Faculty of Humanities, Arts and Social Sciences. The value of the scholarship shall not exceed disbursements available from the fund. The number of Berlin Residency Awards granted per annum will be at the discretion of the Dean, UQ Graduate School.

## Special Conditions

- The student may be required to complete a report on travel, which will be shared with the donor.
- The student may be requested to present their findings publicly.

## Cecilie Anne Sloane Postgraduate English Creative Writing Research Scholarship

---

Established in 2006 in memory of Cecilie Anne Sloane, a former tutor and lecturer in the Department of English at The University of Queensland, and maintained by the income from a perpetual endowment fund setup by a gift from her brother-in-law, RF (Ron) Diamond, and her sister, HM (Helen) Diamond. The purpose of the scholarship is to enable a Higher Degree by Research candidate to undertake English language creative writing research within The University of Queensland.

## Type

Higher Degree by Research, Grant.

## Eligibility

The scholarship is open to PhD candidates researching in the field of creative writing.

## Selectors

Selection of a scholar will be made by the Dean of the Graduate School on the advice of a selection committee comprising:

- Academic staff from the School of Communication and Arts; and
- Non-university experts in the field of English language creative writing, with university academic staff in the majority.

## Selection Process

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success; and
- the quality of the applicant's academic and research work throughout his or her academic career, including demonstrated aptitude, suitability and potential for original research; and
- the applicant's experience and achievement in English language creative writing.
- any other matters the selection committee sees fit.

**Duration**

The scholarship may be held for up to 1 year.

**Value**

The value of the scholarship is up to \$2,000.

**Special Conditions**

The scholar must, not more than 3 months after the scholarship ends, submit to the selection committee a full and final written report, suitable for circulation within the university, of the progress and outcome of the research undertaken during the Duration of the scholarship.

---

**Charles Morphett Pegler Scholarship**

---

Established in 1985 by a bequest to the University under the will of Charles Morphett Pegler who died on 24 March 1954.

**Type**

Higher Degree by Research, Partial Top-up.

**Eligibility**

The scholarship is open to PhD candidates in the field of pastoral or agricultural research.

**Selectors**

Selection of a scholar will be made by a Graduate School selection committee and approved by the Dean Graduate School.

**Selection Process**

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success; and
- any other matters the selection committee sees fit.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein. The scholarship shall be awarded when the Duration falls vacant or sufficient funds become available.

**Value**

The value of the scholarship is at least \$12,000.

---

**Childhood Cancer Research – Living Scholarship**

---

This scholarship is made possible by donations received in the memory of Olive Donaldson, Graham Follington, Mervyn Edwin Rogers and Gregory Stuart Ball to support Higher Degree by Research Students undertaking research in Child Cancers.

**Type**

Higher Degree by Research, Living Scholarship

**Eligibility**

The Scholarship is open to higher degree by research students undertaking research in the area of Childhood Cancers.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on recommendation by a selection committee established by the Dean of the Graduate School.

## Selection Process

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success;
- the potential for the proposed use of the fellowship to advance research in Childhood Cancers; and
- any other matters the selection committee sees fit.

## Duration

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein. The scholarship shall be awarded when the Duration falls vacant or sufficient funds become available.

## Value

The value and number of the scholarships is determined by the Dean, but at minimum the value of the scholarship will include a living allowance equal to the UQ Graduate School Scholarship rate.

---

## David Farrell Postgraduate Scholarship

Established in 2001 through a gift from David Farrell this scholarship was recognised by Senate in 2015.

## Type

Higher Degree by Research, Grant.

## Eligibility

An applicant is eligible for the scholarship in a year if, in that year, the applicant:

- Is enrolled full-time;
- Is studying plant science and animal nutrition field through the School of Agriculture and Food Sustainability;
- Can demonstrate evidence of financial need.

## Selectors

Selection of the scholar will be made by a committee comprised of the Head, School of Agriculture and Food Sustainability, or nominee and a at least one teaching staff member from the field of plant science and animal nutrition. The selection must be endorsed by the Associate Dean (Academic) before being sent for approval by the Dean of the UQ Graduate School.

## Selection Process

The committee must rank the eligible applicants for the year consecutively in order of merit, based on:

- Financial circumstances as evidenced by supporting documentation;
- Academic achievement in their program to date;
- Other evidence as may be deemed relevant to future success in the relevant field;
- Preference will be given to an international student;
- Any other matters the committee sees fit.

## Duration

The Scholarship is a one off payment and applies to the year of award.

## Value

The Dean of the UQ Graduate School will determine the number of scholarships to be awarded and the value of each scholarship so that disbursements available from the fund are not exceeded. The grant will be a minimum of \$2,500.

## Special Conditions

- The funds must not be used for travel or subsistence.
- The award is to be used for research materials, analytical services, thesis preparation/binding, etc.

---

## Dee Bradshaw Travelling Scholarship

---

Established in 2018 in memory of Professor Dee Bradshaw and maintained by donations from her friends and work colleagues from the Julius Kruttschnitt Mineral Research Centre (SMI-JKMRC) at The University of Queensland. The purpose of the scholarship is to enable meritorious postgraduate students to travel to an approved international institution to develop their research capabilities and experience within the minerals sector.

### Type

Higher Degree by Research, Travel Scholarship.

### Eligibility

The scholarship is open to Higher Degree by Research candidates from any enrolling unit with a relevant thesis topic, who have completed Progress Review 1.

### Selectors

Selection of a scholar will be made by the Dean of the Graduate School as Duration becomes vacant on the recommendation of a committee comprised of:

- The Director of SMI-JKMRC or delegate;
- The Postgraduate Coordinator or delegate within SMI-JKMRC.

### Selection Process

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success; and
- the significance and relevance of the international travel to the applicant's research and/or professional development in the minerals sector; and
- any other matters the selection committee sees fit to the applicant's future development.

### Duration

The scholarship may be held for the period of travel, up to a maximum of 1 year.

### Value

The value of the scholarship is a minimum of \$5,000. However, the value of the scholarship shall not exceed disbursements available from the fund. The Dean of the UQ Graduate School may determine the number of scholarships to be awarded with regards to the availability of disbursements from the fund.

### Conditions

If the Scholarship is awarded to a recipient on the basis of an international opportunity that does not eventuate, any scholarship funds awarded must be returned within 30 days of a request by the University.

---

## Doctor of Veterinary Clinical Sciences Scholarship in Equine Medicine

---

Through their gift, the REC Specialist Equine Centre wishes to support a scholarship for a Doctor of Veterinary Clinical Science student undertaking research in equine medicine within the School of Veterinary Science.

### Type

Higher Degree by Research, Living Scholarship

### Eligibility

The Scholarship is open to Doctor of Veterinary Clinical Science students undertaking research in equine medicine within the School of Veterinary Science.

### Selectors

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

### Selection Process

Applicants will be ranked on the basis of:

- academic achievement and the potential of scholastic success; and

- any other matters the selection committee considers to be relevant to the applicant's future research development.

**Duration**

The Scholarship may be held for the maximum duration of the Doctor of Veterinary Clinical Sciences program, 3.5 years. It will be managed in accordance with the UQ and RTP Research Scholarships Policy with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

**Value**

The value of the scholarship will be no less than the UQGSS rate. The value of the scholarship shall not exceed disbursements available from the fund. The Dean of the UQ Graduate School will determine the number of scholarships to be awarded.

---

**Dorothy Hill PhD Scholarship**

Established in 2005 by a bequest from the estate of the late Emeritus Professor Dorothy Hill, AC, CBE, who had a long-standing association with the University of Queensland which lasted more than 60 years.

**Type**

Higher Degree by Research, Living Scholarship.

**Eligibility**

The scholarship is open to PhD candidates studying in the areas of palaeontology, stratigraphy and sedimentology research.

**Selectors**

Selection of a scholar will be made by the Graduate School Dean on the recommendation of a selection committee established by the Dean of the Graduate School, of which University of Queensland staff must be in the majority.

**Selection Process**

Applicants will be ranked on the basis of:

- The merit of the proposed research program in the areas of palaeontology, stratigraphy and sedimentology;
- Academic achievement and potential for scholastic success; and
- Any other matters the selection committee considers to be relevant to the applicant's future success in their studies.

**Duration**

The scholarship may be held for the maximum duration stipulated in UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

**Value**

The value of the scholarship will be no less than the UQGSS rate. The value of the scholarship shall not exceed disbursements available from the fund. The Dean, UQ Graduate School may determine the number of scholarships to be awarded with regards to the value of the fund.

---

**Dr Alf Howard International Travel Scholarship**

The scholarship was established in 2011 and is maintained by a bequest from the estate of Dr Alf Howard AM.

**Type**

Higher Degree by Research, Travel Scholarship.

**Eligibility**

The scholarship is open to HDR candidates from the School of Human Movement and Nutrition Sciences who have completed Progress Review 1.

**Selectors**

Selection of a scholar will be made by the School of Human Movement and Nutrition Sciences Head of School and approved by the Dean of the Graduate School.

**Selection Process**

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success; and
- the significance and relevance of the proposed international travel to the applicant's Higher Degree by Research candidature and the potential for it to enhance the thesis or their professional development; and
- any other matters the selection committee sees fit.

**Duration**

The scholarship may be held for up to 1 year, for the period of travel.

**Value**

The value of the scholarship is up to \$4,500.

---

**Dr David Galbraith Postgraduate Research Scholarship in Companion Animal Health**

---

The scholarship was established in 2013 and maintained by annual gifts from the late Dr David Galbraith. The purpose of the scholarship is to encourage and support meritorious students to pursue postgraduate research to improve the health and quality of life of feline and canine companion animals.

**Type**

Higher Degree by Research, Top-up Scholarship and Grant.

**Eligibility**

The Scholarship is open to Higher Degree by Research candidates pursuing research to improve the health and quality of life of feline and canine companion animals.

Applicants must:

- be currently enrolled in either a Masters of Philosophy (MPhil) or Doctor of Philosophy (PhD) program full-time;
- hold a base living allowance stipend; and
- not hold another scholarship that the Head of Veterinary Science considers to be similar.

**Selectors**

The Dean of the Graduate School may award one scholarship to a student on the recommendation of the Head of Veterinary Science.

The Head of Veterinary Science must establish a selection committee, comprising -

- The Head of Veterinary Science, or nominee, as chair of the committee; and
- At least one member of the university's academic staff who is currently undertaking research in a companion animal health related field.

**Selection Process**

Applicants will be ranked on the basis of:

- the applicant's academic and potential for scholastic success;
- strength of interest shown in companion animal health; and
- any other matters the selection committee sees fit.

The selection committee may decide to interview short-listed applicants.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein. The scholarship shall be awarded when the Duration falls vacant.

**Value**

\$10,730 per annum, plus an additional payment of \$5,000 per annum, in grant funds for expenses related to the student's research program, e.g., research, equipment and travel.

---

**Dr F & Mrs ME Zaccari Scholarship**

---

Established as a Faculty of Health Sciences award in 2002, and as a Senate award in 2008 from a gift of \$550,000 from Dr F & Mrs ME Zaccari.

**Type**

Higher Degree by Research, Living Scholarship.

**Eligibility**

The scholarship is open to PhD candidates who will undertake full-time, multidisciplinary, collaborative research into schizophrenia, preferably focusing on the cause, or the prevention, or the treatment, or the cure of schizophrenia and other allied mental illnesses.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on recommendation by a selection committee established by the Dean of the Graduate School, of which University of Queensland [academic] staff must be in the majority.

**Selection Process**

Applicants will be ranked on the basis of:

- academic achievement and experience in schizophrenia research and potential for scholastic success;
- the research plan and expected outcomes of the project;
- how the scholarship will be used in furthering the applicants research and professional development;
- the potential for the proposed use of the scholarship to advance research in schizophrenia and;
- any other matters the selection committee sees fit.

**Duration**

The scholarship may be held for the maximum duration stipulated in UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

**Administration**

This scholarship will be administered under the Policy, and all conditions stated therein, including in instances where the scholarship is superseded, interrupted or terminated. To the extent of any inconsistencies between these rules and the Policy, these rules will prevail.

**Value**

The value of the scholarship will be no less than the UQGSS rate. The value of the scholarship shall not exceed disbursements available from the fund. The Dean, UQ Graduate School may determine the number of scholarships to be awarded with regards to the value of the fund.

---

**Dr Jian Zhou Memorial Scholarship**

---

This scholarship was created in memory of Dr Jian Zhou to support higher degree by research (HDR) students in the area of health and medicine.

**Type**

Higher Degree by Research Top-Up Scholarship

## Eligibility

The scholarship is open to candidates enrolling in The University of Queensland who have been successful in receiving entry into the PhD program in the area of health and medicine and are successful in receiving a base stipend scholarship to undertake a Higher Degree by Research.

## Selectors

Selection of the scholars will be made by the Dean, UQ Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

## Selection Process

Applicants will be ranked on the basis of

- Academic Achievement and the potential of scholastic success
- Any other matters the selection committee considers to be relevant to the applicant's future research development.

## Duration

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

## Value

The Scholarship consists of a minimum of \$11,000 per annum. The value of the scholarship shall not exceed disbursements available from the fund. The Dean, UQ Graduate School, may determine the number to be awarded with regards to the availability of disbursements from the fund.

---

## Dr Jian Zhou Scholarship

Through their gift, the Dr Jian Zhou Foundation wishes to support a scholarship for Higher Degree by Research students from Wenzhou Medical University, China to undertake doctoral studies at the University of Queensland. The Scholarship is in memory of the late Dr Jian Zhou, who was the co-inventor of the HPV (Human Papilloma Virus) vaccine commonly known as Gardasil.

## Type

Higher Degree by Research, Living Scholarship

## Eligibility

The Scholarship is open to Higher Degree by Research candidates who have undertaken prior studies at Wenzhou Medical University, China to undertake doctoral studies at the University of Queensland. There is a preference, though not a requirement, that the Scholarship benefits recipients working under the direction of a supervisor at The Frazer Institute.

## Selectors

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

## Selection Process

Applicants will be ranked on the basis of:

- Academic achievement and the potential of scholastic success
- Any other matters the selection committee considers to be relevant to the applicant's future research development.

Applicants may be requested to submit supporting evidence or other documentation as part of the selection process.

## Duration

The scholarship may be held for the maximum duration stipulated in UQ and RTP Research Scholarships Policy, with approval by the Dean of the Graduate School and on compliance with all conditions stated therein.

**Value**

The value of the scholarship is at least the UQ living scholarship rate and shall not exceed disbursements available from the fund. The Dean of the Graduate School will determine the number and value of scholarships to be awarded based on the availability of disbursements from the fund.

---

**Dr Rosamond Siemon Postgraduate Renal Research Scholarship**

---

This scholarship initially established in 2006, was endowed in 2013 and will be offered in perpetuity. The purpose of the scholarship is to support a research higher degree candidate undertaking multidisciplinary, collaborative research into renal disease, repair and regeneration and was originally provided as a gift to the Institute for Molecular Bioscience (IMB).

**Type**

Higher Degree by Research, Living Scholarship.

**Eligibility**

The scholarship is open to PhD candidates undertaking research directed towards the development of therapies for renal disease, repair and regeneration, preferably focussing on therapies applicable to the form of chronic renal failure termed polycystic kidney disease.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on advice of a selection committee comprised of university experts in the area of renal disease, repair and regeneration.

**Selection Process**

Applicants will be ranked on the basis of:

- academic achievement and experience in research and potential for scholastic success;
- the multidisciplinary, collaborative nature of the research;
- the research plan and expected outcomes of the project;
- any other matters the selection committee sees fit.

**Duration**

The scholarship may be held for 3 years and 6 months. The scholarship is awarded as the Duration falls vacant.

**Value**

The value of the living scholarship is \$30,000 per annum with a discretionary research, top up or tuition support allocation determined by the Dean, with consideration to the overall health of the fund.

**Special Conditions**

When a cure has been found, or if after 3 years the scholarship has not been able to be awarded to a suitable candidate in renal research, it may be awarded as a 12 month top-up to one or more candidates in any area of medical research undertaken at IMB or the Institute's successors.

---

**E.M.A. and M.C. Henker Postgraduate Medical Research Scholarship**

---

Established in 1991 and maintained by the income from bequests of Miss Edith MA Henker and Miss Minnie C Henker. The purpose of the scholarship is to support medical research.

**Type**

Higher Degree by Research, Top-Up Scholarship.

**Eligibility**

The Scholarship will be open to full time Higher Degree by Research students undertaking medical research.

**Selectors**

Selection of a scholar will be made by a Graduate School selection committee and approved by the Dean of the Graduate School.

**Selection Process**

Applicants will be ranked on the basis of:

- academic achievement and experience and potential for scholastic success;
- any other matters the selection committee sees fit.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein. The scholarship shall be awarded when the Duration falls vacant or sufficient funds become available.

**Value**

The value of the scholarship is at least \$18,000 per annum. The number to be awarded can be determined by the Dean but should not exceed available funds and preserve the investment.

---

**Emeritus Professor Ted White AM Development Scholarship**

---

The Ted White Development Scholarship has been created in honour of Emeritus Professor Ted White AM whose contribution to UQ and the field of Chemical Engineering spanned more than 60 years. The purpose of the scholarship is to support the education of students in Chemical Engineering.

**Type**

Higher Degree by Research Grant

**Eligibility**

The Scholarship is open to current Higher Degree by Research students in Chemical Engineering

**Selectors**

Selection of a scholar will be made by the Dean, UQ Graduate School on the recommendation of the Head of School Chemical Engineering.

**Selection Process**

Applicants will be ranked on the basis of:

- satisfactory academic progress;
- the potential for the proposed development activity to contribute to the candidate's future career and/or development as a researcher;
- a preference for the scholarship to be held by:
  - a woman; or
  - an Aboriginal or Torres Strait Islander person; or
  - a person from a socio-economically disadvantaged background,and
- any other matters the selection committee considers to be relevant to the applicant's future success in their studies.

**Duration**

The scholarship will be tenable for a maximum period of one year.

**Value**

The value of the scholarship shall be \$7,500 at a minimum and shall not exceed disbursements available from the fund.

---

## Ernest Singer Scholarship

---

This scholarship was established in 1977 and is maintained by a bequest from the late Ernest Singer, Doctor of Medicine and of Science.

### Type

Higher Degree by Research, Living Plus Scholarship.

### Eligibility

The Scholarship is open to candidates from a non-English speaking background to undertake a Higher Degree by Research.

Candidates must:

- meet UQ's English language proficiency admission requirement; and
- have a native language that is not English, and
- be born in a country where the native language is not English, and
- not have been adopted by or grow up as a member of a family who spoke English as their main language.

### Selectors

Selection of a scholar will be made by a Graduate School selection committee and approved by the Dean of the Graduate School.

### Selection Process

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success;
- the quality, significant and strategic fit with the University of the applicant's research project; and
- any other matters the Dean sees fit.

### Duration

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein. The scholarship shall be awarded when the Duration falls vacant or sufficient funds become available.

### Value

The value of the scholarship is determined by the Dean of the Graduate School, but will at minimum include a living allowance equal to the UQ Graduate School Scholarship rate, with additional funds going towards tuition fees and/or a top-up allowance.

---

## Ethel Jean Wells Development Scholarship

---

The Ethel Jean Wells Development Scholarship has been established in memory of Ethel Jean Wells to support research in Anatomy.

### Type

Higher Degree by Research, Top Up Scholarship

### Eligibility

The Scholarship is open to Higher Degree by Research candidates undertaking a HDR program related to the field of anatomy.

### Selectors

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

## Selection Process

Applicants will be ranked on the basis of:

- Academic achievement and the potential of scholastic success
- Any other matters the selection committee considers to be relevant to the applicant's future research development.

Applicants may be requested to submit supporting evidence or other documentation as part of the selection process.

## Duration

The scholarship may be held for the duration stipulated in UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

## Value

The value of the scholarship will be a minimum of \$5,000 per annum but shall not exceed disbursements available from the fund. The Dean of the Graduate School will determine the number and value of scholarships to be awarded based on the availability of disbursements from the fund.

---

## F.G. Meade Scholarships

The scholarship was established in 1976 and is maintained by a bequest from the late Frampton Garnsey Meade.

### Type

Higher Degree by Research, Living Plus Scholarship.

### Eligibility

The Scholarship is open to candidates studying in any field relating to the pure sciences namely natural sciences; including biology, chemistry and physics.

### Selectors

Selection of a scholar will be made by a Graduate School selection committee and approved by the Dean of the Graduate School.

## Selection Process

Applicants will be ranked on the basis of:

- academic achievement and experience and potential for scholastic success; and
- any other matters the selection committee sees fit.

## Duration

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein. The scholarship shall be awarded when the Duration falls vacant or sufficient funds become available.

## Value

The value of the scholarship is determined by the Dean of the Graduate School, but will at minimum include a living allowance equal to the UQ Graduate School Scholarship rate, with additional funds going towards tuition and/or a top-up allowance.

---

## Frank and Swan Halim HDR Health and Medicine Top-Up Scholarship

The Scholarship was established in 2020 by Frank and Swan Halim in gratitude to all Queenslanders and Australians who have made them feel welcome and helped them during their life.

**Type**

Higher Degree by Research, Top-up Scholarship

**Eligibility**

The scholarship is open to International and Domestic candidates who are successful in receiving a base stipend scholarship to undertake a Higher Degree by Research. There is a preference, though not a requirement, the scholarship benefit those studying in the field of Parkinson's Disease.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

**Selection Process**

Applicants will be ranked on the basis of:

- Academic achievement and the potential of scholastic success
- Any other matters the selection committee considers to be relevant to the applicant's future research development.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the Dean of the Graduate School and on compliance with all conditions stated therein.

**Value**

The Scholarship consists of a minimum of \$10,000 per annum. The value of the scholarship shall not exceed disbursements available from the fund. The Dean of the Graduate School may determine the number to be awarded with regards to the availability of disbursements from the fund.

---

**Frank Nicklin Scholarships**

The scholarship was established in 1968 and is maintained by a donation raised by public subscription to commemorate the record of service of Sir George Francis Reuben Nicklin, KCMG, MM, Hon. LLD to the State of Queensland during his period in public life, including his then record term as Premier.

**Type**

Higher Degree by Research, Living Scholarship.

**Eligibility**

The Scholarship is open to candidates studying in any field relating to primary production, including mining.

**Selectors**

Selection of a scholar will be made by a Graduate School selection committee and approved by the Dean of the Graduate School.

**Selection Process**

Applicants will be ranked on the basis of:

- academic achievement and experience in research and potential for scholastic success;
- any other matters the selection committee sees fit.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein. The scholarship shall be awarded when the Duration falls vacant or sufficient funds become available.

**Value**

The value of the scholarship is determined by the Dean of the Graduate School, but will at minimum include a living allowance equal to the UQ Graduate School Scholarship rate, with additional funds going towards tuition fees and/or a top-up allowance.

---

**George Osborne Research Scholarship**

---

Established in 2009 in memory of the late Dr H. George Osborne AM, Dean of Veterinary Science at UQ from 1971 to 1972, and is maintained on trust by an annual donation by his family.

**Type**

Higher Degree by Research Grant.

**Eligibility**

The purpose of the scholarship is to support a domestic HDR student engaged in large animal research, including production, reproduction, surgery, pathology or medicine research in veterinary science.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

**Selection Process**

Applicants will be ranked on the basis of:

- Academic achievement and potential for scholastic success;
- Any other matters the selection committee considers to be relevant to the applicant's future research development.

**Duration**

The scholarship may be held for up to 1 year. If there are no applicants of sufficient merit in one year, the scholarship is to be rolled over to the following year for one or more candidates.

**Value**

The value of the scholarship is up to \$5,000 per annum.

---

**Gideon Chitombo PhD Scholarship**

---

This scholarship was established in 2025 supported from funds held upon trust, from the Will of the late Honorary Professor Gideon Chitombo. Professor Chitombo, began his journey at the Julius Kruttschnitt Mineral Research Centre (JKMRC) in 1982, leading to a four-decade-long relationship culminating in his 2009 appointment as Professor and Chair of Minerals Industry Engagement at The University of Queensland. Professor Chitombo, became renowned for his expertise in underground metalliferous mining, later shifting his focus to cave mining and leading numerous research partnerships, becoming a world leader in collaborative mining research.

**Type**

Higher Degree by Research, Living Stipend

**Eligibility**

This Scholarship is open to full time PhD students undertaking research in the field of mass mining engineering.

**Selection Process**

Applicants will be ranked on the basis of:

- Academic achievement and the potential of scholastic success; and
- Any other matters the selection committee considers to be relevant to the applicant's future research development.

**Duration**

The Scholarships may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

**Value**

The value of the scholarship will be determined by the Dean of the Graduate School but will be no less than the UQGSS rate. The Dean will determine the number of Scholarships to be awarded with regards to the value of the fund.

---

**Goldburg Family Foundation Medical Research Scholarship**

---

The Goldburg Family Foundation seeks to support and enable students engaging in higher degree research to attain an education at the University of Queensland. The donor has a belief in the importance of supporting education for research students who are facing financial hardship and wishes to invest in these young people through scholarships to help create a better future for them, their families and society. It has been through the donor's rich education that they have seen the value and benefits of a tertiary education and as a result, the donor wishes to support aspiring student researchers through scholarships in the areas of Medicine/Health.

**Type**

Higher Degree by Research, Top-up

**Eligibility**

The scholarship is open to students undertaking a Higher Degree by Research program in the areas of Medicine/Health. Students in receipt of this scholarship should not be in receipt of any other top up scholarships.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

**Selection Process**

Applicants will be ranked on the basis of

- Academic Achievement and the potential of scholastic success
- Any other matters the selection committee considers to be relevant to the applicant's future development.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

**Value**

The Scholarship will be valued at a minimum of \$10,000 annually. The value of the scholarship shall not exceed disbursements available from the fund.

---

**Groeneveld Scholarship**

---

Through their gift, Oscar and Peta-Anne Groeneveld wish to support a scholarship for Higher Degree by Research students experiencing financial hardship, undertaking research in the areas of Health, Engineering and/or Technology.

The donors believe in helping motivated students make a difference, building their global awareness and leadership skills to help them support vulnerable communities. They hope that this Scholarship will give HDR students the professional network, connections with influential figures in a range of fields and expert insight to make the most of their research impact.

**Type**

Higher Degree by Research, Top-up Scholarship

**Eligibility**

The Scholarship is open to applicants who are:

1. Higher Degree by Research candidates;
2. facing financial hardship; and
3. conducting research in the field of Health, Engineering and/or Technology.

Students must not be in receipt of any other top-up scholarships.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

**Selection Process**

Applicants will be ranked on the basis of:

- Academic achievement and the potential of scholastic success; and
- Any other matters the selection committee considers to be relevant to the applicant's future research development.

Applicants may be requested to submit supporting evidence or other documentation as part of the selection process.

**Duration**

The Scholarship may be held for the maximum duration stipulated in UQ and RTP Research Scholarships Policy, with approval by the Dean of the Graduate School and on compliance with all conditions stated therein.

**Value**

The value of the Scholarship is at least \$9000 per annum but shall not exceed disbursements available from the fund. The Dean of the Graduate School will determine the number and value of Scholarships to be awarded based on the availability of disbursements from the fund.

**Additional Benefit**

Recipients may also be given the opportunity to participate in the Andrew N. Liveris Academy for Innovation and Leadership.

---

**Guilford Bell Scholarship**

---

The scholarship was established in 2009 and is maintained by a bequest from the late Orme Augusta Marsh. The purpose of the scholarship is to support a Higher Degree by Research candidate in observing architectural methods used overseas.

**Type**

Higher Degree by Research, Travel Scholarship.

**Eligibility**

The Scholarship is open to PhD candidates in the field of architecture.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on the Advice of the Head of School of Architecture, Design and Planning.

**Selection Process**

Applicants will be ranked on the basis of:

- the merit of the applicant's proposed travel plan, indicating how the scholarship would be spent to observe overseas architectural methods; and

- the significance and relevance of the proposed overseas travel to the applicant's Higher Degree by Research candidature.
- the potential for the proposed travel to enhance the quality of the applicant's Higher Degree by Research degree thesis.
- the potential for the proposed travel to expedite the completion of the thesis.
- any other matters the selection committee sees fit.

**Duration**

The scholarship may be held for up to 1 years, for the period of travel.

**Value**

The value of the scholarship is at least \$4,000.

---

**Helen Kay PhD Scholarship**

---

Established by donations from Marie and Alf Berry in memory of their granddaughter Helen Kay, a postgraduate research student who died in 1999 while completing her degree, the scholarship commemorates the work of a promising young scholar of Australian literature, life writing and the environment.

**Type**

Higher Degree by Research, Grant.

**Eligibility**

The Scholarship is open to Higher Degree by Research candidates conducting research in the School of Communication and Arts and who are nearing the completion of their studies.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on the advice of a selection committee convened by the Head of School, Communications and Arts, or their delegate.

**Selection Process**

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success;
- how the scholarship will be used in furthering the applicant's research and professional development; and
- how the fund will provide financial assistance to support the submission of their thesis within 3 months.

**Duration**

The scholarship may be held for a period of up to 3 months following its award.

**Value**

The value of the scholarship is up to \$5,000.

---

**Herdsman Fellowship in Medical Science**

---

Established in 1994 and maintained by the income from a bequest of \$260,000 from Mrs Rose Herdsman who maintained a deep interest in medicine throughout her life. To support postgraduate research students undertaking research in medical or related sciences that address the problems of the aged.

**Type**

Higher Degree by Research, Living Scholarship.

**Eligibility**

The Scholarship is open to graduates in medicine or related sciences, enrolled full-time in a Higher Degree by Research on a topic related to the medical problems of the aged.

**Selectors**

Selection of a scholar will be made and approved by the Dean of the Graduate School on the advice of a Graduate School selection committee.

**Selection Process**

Applicants will be ranked on the basis of:

- academic achievement and experience in research and potential for scholastic success;
- any other matters the selection committee sees fit.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein. The scholarship shall be awarded when the Duration falls vacant or sufficient funds become available.

**Value**

The value of the scholarship is determined by the Dean of the Graduate School, but will at minimum include a living allowance equal to the UQ Graduate School Scholarship rate, with additional funds going towards tuition fees and/or a top-up allowance.

**Special Conditions**

If at any time two males hold the Fellowship in succession, the next Fellowship will only be open to female applicants.

---

**Hidden Vale Wildlife Conservation HDR Award**

---

The Hidden Vale Research Station is a long-term innovative partnership between UQ and the Turner Family facilitating applied wildlife and ecology research and teaching at the Hidden Vale Research Station near Grandchester and Peak Station near Maryvale in South-East Queensland. The Hidden Vale Research Station provides hands-on access to resources and support to allow students to make outstanding contributions to developing next-generation wildlife management and conservation techniques.

Supported through a generous gift from the Turner Family Foundation, the purpose of this award is to support HDR research in wildlife conservation, with the funds used to support candidates undertaking a significant component of their thesis at the Hidden Vale Research Station. Funds are to be used to support the candidate's research experience and professional development.

**Type**

Higher Degree by Research Development Award

**Eligibility**

The award is open to Higher Degree by Research candidates undertaking at a significant component of their thesis project in wildlife conservation research at Hidden Vale Research Station.

**Selectors**

The selection of a scholar will be made by the Dean of the Graduate School upon the recommendation of the Executive Dean, Faculty of Science. The Executive Dean, Faculty of Science or their delegate will establish a selection committee with University of Queensland Academic staff in the field of wildlife conservation.

**Selection Process**

Applicants will be ranked on the basis of:

- Academic achievement and potential for scholastic success;
- How the research project's quality and significance aligns with wildlife conservation research;
- How the funds will be used to enhance the candidate's HDR experience; and
- Any other matters the selection committee considers to be relevant to the applicant's future research development.

**Duration**

The award may be held for up to 1 year and awarded when the Duration falls vacant.

**Value**

The value of the award shall be a maximum of \$10,000.

---

**Infectious Diseases - Defence Forces Research Scholarship**

---

The Scholarship was established in 2020 using funds from "The T.B. Sailors, Soldiers and Airmen's Association of Queensland Bursary", to support students undertaking research concerning chronic infectious diseases, including chronic respiratory diseases, that affect any person who at any time may have served in a war-like operation in any of the Australian military services at home or abroad.

**Type**

Higher Degree by Research, Living Scholarship and Top-Up, travel grant.

**Eligibility**

The scholarship is open to students undertaking a Higher Degree by Research program in chronic infectious diseases, including chronic respiratory diseases, where the disease can be demonstrated to affect any person who at any time may have served in a war-like operation in any of the Australian military services at home or abroad.

**Selectors**

The selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

**Selection Process**

Applicants will be ranked on the basis of:

- Academic Achievement and the potential for scholastic success
- Any other matters the selection committee considers to be relevant to the applicant's future development.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

**Value**

The Scholarship will provide the successful candidate with a UQGSS equivalent living allowance and a \$10,000 top-up annually. The Scholarship will also provide a travel grant of a minimum of \$1,500 for the candidate during their candidature. Disbursements shall not reduce the fund below the value of 3.5 million

---

**Infectious Diseases - Defence Forces (Clinician Scientist) Research Scholarship**

---

The Scholarship was established in 2020, using funds from "The T.B. Sailors, Soldiers and Airmen's Association of Queensland Bursary", to support students undertaking research concerning chronic infectious diseases, including chronic respiratory diseases, that affect any person who at any time may have served in a war-like operation in any of the Australian military services at home or abroad.

**Type**

Higher Degree by Research, Living Scholarship

## Eligibility

The scholarship is open to **applicants with clinical experience** undertaking a Higher Degree by Research program in chronic infectious diseases, including chronic respiratory diseases, where the disease can be demonstrated to affect any person who at any time may have served in a war-like operation in any of the Australian military services at home or abroad.

## Selectors

The selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

## Selection Process

Applicants will be ranked on the basis of:

- Academic Achievement and the potential for scholastic success
- Any other matters the selection committee considers to be relevant to the applicant's future development.

## Duration

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

## Value

The Scholarship will provide the successful candidate with a living allowance to the value of \$50,000 annually. Disbursements shall not reduce the fund below the value of 3.5 million.

---

## Ipswich Hospital Foundation ARAFMI Mental Health Scholarship

---

Through their gift, the Ipswich Hospital Foundation wishes to support a scholarship for Higher Degree by Research students experiencing financial hardship, in the field of health and medicine for mental health research.

## Type

Higher Degree by Research, Top-up Scholarship

## Eligibility

The Scholarship is open to Higher Degree by Research PhD candidates undertaking research in the field of health and medicine. There is a preference, though not a requirement, that the Scholarship benefits mental health research. Students in receipt of this Scholarship should not be in receipt of any other top up scholarships.

## Selectors

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

## Selection Process

Applicants will be ranked on the basis of:

- Academic achievement and the potential of scholastic success; and
- Any other matters the selection committee considers to be relevant to the applicant's future research development.

Applicants may be requested to submit supporting evidence or other documentation as part of the selection process.

## Duration

The Scholarship may be held for the maximum duration stipulated in UQ and RTP Research Scholarships Policy, with approval by the Dean of the Graduate School and on compliance with all conditions stated therein.

**Value**

The value of the Scholarship will be a minimum of \$10,000 per annum but shall not exceed disbursements available from the fund. The Dean of the Graduate School will determine the number and value of Scholarships to be awarded based on the availability of disbursements from the fund.

---

**Jean and George Campbell-Brown Scholarship**

---

Established in 1998 by a bequest to the University under the will of the late Leslie Campbell-Brown. The object of the scholarship is to enable postgraduate students in the fields of social work and human services to undertake collaborative or comparative research and/or develop their research or scholarly skills by visiting overseas universities and relevant organisations and institutions.

**Type**

Higher Degree by Research Degree, Living Scholarship.

**Eligibility**

The scholarship is open to HDR candidates studying in the field of social work or human services.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on recommendation by a selection committee established by the Dean of the Graduate School, of which University of Queensland [academic] staff must be in the majority.

**Selection Process**

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success; and
- Background and experience that contribute to capacity for scholastic success; and
- any other matters the selection committee sees fit.

**Duration**

The scholarship may be held for the maximum duration stipulated in UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

**Value**

The value of the scholarship will be no less than the UQGSS rate. The value of the scholarship shall not exceed disbursements available from the fund. The Dean, UQ Graduate School may determine the number of scholarships to be awarded with regards to the value of the fund.

---

**Jester Scholarships**

---

The scholarship was established in 2003 through a distribution from the estate of June S Harms to The University of Queensland School of Veterinary Science. The scholarship is maintained by an underlying trust, the terms of which were considered and updated through an application under the *University of Queensland Act 1998* (Qld) in 2023.

**Type**

Higher Degree by Research, Living Scholarship.

**Eligibility**

The Scholarship is open to HDR candidates in the field of veterinary science.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

## Selection Process

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success;
- any other matters the selection committee considers to be relevant to the applicant's future research development.

## Duration

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

## Value

The value of the scholarship will be no less than UQGSS rate. The value of the scholarship shall not exceed disbursements available from the fund. The Dean, UQ Graduate School may determine the number of scholarships to be awarded with regards to the value of the fund.

## Joan Allsop Scholarship

---

The scholarship was established in 2012 and is maintained by donations and a bequest from Dr Joan Allsop.

### Type

Higher Degree by Research, Travel Plus Scholarship.

### Eligibility

The scholarship is open to PhD candidates undertaking a project relating to an Australian topic, including Australian history, flora and fauna.

### Selectors

Selection of a scholar will be made by a Graduate School selection committee and approved by the Dean of the Graduate School.

## Selection Process

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success; and
- the significance and relevance of the proposed use of the scholarship to the applicant's Higher Degree by Research candidature.
- the potential for the proposed use of the scholarship to expedite the completion and enhance the quality of the applicant's thesis; and
- any other matters the selection committee sees fit.

## Duration

The scholarship may be held for up to 1 year, for the period of travel.

## Value

The scholarship value is up to \$6,000. The number awarded each year shall be at the Dean's discretion depending on the health of the fund.

## Joan Hume Scholarship

---

It is the wish of the executors of the Estate of Joan Hume, OAM that the funds be endowed to support early career researchers working on fundamental research in Spinal Cord Injuries. This support may include top-up scholarships for Higher Degree by Research students or support for Post-Doctoral researchers.

### Type

Higher Degree by Research, Top-up Scholarship

**Eligibility**

The scholarship is open to International and Domestic candidates who are successful in receiving a base stipend scholarship to undertake a Higher Degree by Research focused in the field of Spinal Cord Injuries.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

**Selection Process**

Applicants will be ranked on the basis of:

- Academic Achievement and the potential of scholastic success
- Any other matters the selection committee considers to be relevant to the applicant's future research development.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

**Value**

At least \$8,000 per annum over the life of the degree. The value of the scholarship shall not exceed disbursements available from the fund. The Dean, UQ Graduate School, may determine the number to be awarded with regards to the availability of disbursements from the fund.

---

**John Douglas Forbes Nesbit Graduate Scholarship in Mathematics (Needs based)**

---

This scholarship is to support HDR top-up Scholarship for mathematics students at the school of Mathematics and Physics.

**Type**

Research Higher Degree, Top-up Scholarship

**Eligibility**

The scholarship is open to PhD candidates undertaking research in Pure Mathematics who are receiving a scholarship of no more than the UQGSS rate and no additional top-up funding.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate on recommendation by a selection committee established by the Dean of the Graduate School.

**Selection Process**

Applicants will be ranked on the basis of:

- potential for satisfactory scholastic success;
- how the scholarship will be used in furthering the applicants research and professional development;
- the potential for the proposed use of the scholarship to advance research in Mathematics
- any other matters the selection committee sees fit.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

**Value**

The value of the scholarship will be a minimum of \$11,000. The value of the scholarship shall not exceed disbursements available from the fund. The Dean, UQ Graduate School may determine the number of scholarships to be awarded with regards to the availability of disbursements from the fund.

## John Douglas Forbes Nesbit Graduate Scholarship in Mathematics (Non-needs based)

---

This scholarship is to support HDR top-up Scholarship for mathematics students at the school of Mathematics and Physics.

### Type

Research Higher Degree, Top-up Scholarship

### Eligibility

The scholarship is open to PhD candidates undertaking research in Pure Mathematics.

### Selectors

Selection of a scholar will be made by the Dean of the Graduate on recommendation by a selection committee established by the Dean of the Graduate School

### Selection Process

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success;
- how the scholarship will be used in furthering the applicants research and professional development;
- the potential for the proposed use of the scholarship to advance research in Mathematics
- any other matters the selection committee sees fit.

### Duration

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

### Value

The value of the scholarship will be a minimum of \$11,000. The value of the scholarship shall not exceed disbursements available from the fund. The Dean, UQ Graduate School may determine the number of scholarships to be awarded with regards to the availability of disbursements from the fund

## Joseph Sleight Bursary

---

Established in 1996 by a bequest to the University of \$26,000 under the Will of Joseph Sleight to support research in some branch of psychological medicine.

### Type

Higher Degree by Research, Grant.

### Eligibility

The scholarship is open to Research Higher Degree or Post Graduate Students conducting research in the area of psychological medicine while undertaking the research dissertation in their study program. Student must be enrolled in the Master of Clinical Psychology, Master of Psychology (formerly Master of Applied Psychology), Master of Clinical Neuropsychology and Clinical Psychology (formerly Doctor of Psychology), or PhD programs. The research must examine a topic that seeks to further understand the psychological processes relevant to the development, prevention or treatment of a medical condition. The Bursary must be spent on equipment, maintenance items or data entry related to the program.

### Selectors

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a committee comprised of:

- the Head of Psychology or their delegate.
- 2 members of staff from the School of Psychology.

### Selection Process

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success; and
- the significance and relevance of the proposed use of the scholarship to the applicant's Higher Degree by Research candidature; and
- any other matters the selection committee sees fit.

**Duration**

The scholarship may be held for up to 1 year and is a one off payment.

**Value**

The value of the scholarship is up to \$2,000.

---

**Kathleen Campbell-Brown Scholarship**

---

The scholarship was established in 2011 and is maintained by a bequest from Leslie Campbell-Brown.

**Type**

Higher Degree by Research, Living Scholarship

**Eligibility**

The scholarship is open to Higher Degree by Research candidates in the field of French studies. Scholarship holders are encouraged to incorporate research-related travel into their research plan.

**Selectors**

Selection of a scholar will be made by the Dean, UQ Graduate School on the recommendation of the Head of School, School of Languages and Cultures.

**Selection Process**

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success; and
- the significance and relevance of the proposed use of the scholarship to the applicant's Higher Degree by Research candidature,
- the potential for the proposed use of the scholarship to expedite the completion and enhance the quality of the applicant's thesis; and
- any other matters the Head or Dean considers appropriate.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein. The scholarship shall be awarded when the Duration falls vacant or sufficient funds become available.

**Value**

The value of the scholarship will be no less than the UQGSS rate. The number awarded each year shall be at the Dean's discretion depending on the health of the fund.

---

**Keith Mackie Lucas Scholarship**

---

Established by a bequest of \$50,000 from the estate of Marjorie Ella Lucas to commemorate the name of her late husband Keith Mackie Lucas who graduated BVSc (Melb) in 1924 but who spent the majority of his career in professional practice in Brisbane.

The scholarship was established in 1997 and is maintained by a bequest from the estate of Marjorie Ella Lucas.

**Type**

Higher Degree by Research, Travel Plus Scholarship.

**Eligibility**

The scholarship is open to Higher Degree by Research candidates in the field of veterinary science.

**Selectors**

The Dean of the Graduate School may award one scholarship to a student on the recommendation of the Head, School of Veterinary Science.

**Selection Process**

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success; and
- the quality, significance and strategic fit of the applicant's research project; and
- any other matters the Head of Veterinary Science sees fit.

**Duration**

The scholarship may be held for up to 1 year, for the period of travel.

**Value**

The value of the scholarship is up to \$6,000.

**Special Conditions**

If the Head of Veterinary Science is satisfied that more than one eligible applicant is of sufficient merit to warrant the award of the scholarship, the Head must recommend that the scholarship be awarded to the applicant with the highest ranking.

If at any time the Senate of the University of Queensland is of the opinion that it is no longer practicable for the Scholarship to be administered according to the scheme described above, the Senate may use the fund for the benefit of the School of Veterinary Science upon such terms as the Senate may decide, provided that in the application of that fund, the name of Keith Mackie Lucas shall be perpetuated in the School of Veterinary Science in some manner.

---

**Kinnane PhD Bursary in Art History and Museum Studies**

---

The scholarship was established in 2017 and is maintained by the income of a perpetual endowment fund from a bequest to The University of Queensland under the will of Paula Ruth Kinnane, who graduated from The University of Queensland in 1991 with a Bachelor of Arts degree. The scholarship recognises Tony and Paula Kinnane who were lifetime lovers of art, art galleries, and collected art for their own pleasure, and to support emerging art museum professionals and art museums, especially in rural and regional Australia.

**Type**

Higher Degree by Research Grant

**Eligibility**

The Scholarship is open to higher degree by research students in the disciplines of art history or museum studies.

**Selectors**

Selection of a scholar will be made by a selection committee convened by the Graduate School and approved by the Dean of the Graduate School.

**Selection Process**

Applicants will be ranked on the basis of:

- academic achievement, candidature progression and potential for scholastic success;
- the potential for the proposed activities to enhance the quality of the applicant's higher degree by research thesis; and
- any other matters seen fit.

**Duration**

The scholarship may be held for up to 1 year.

**Value**

The value of the grant shall not be no less than \$4,000 and shall not exceed disbursements available from the fund. The number awarded each year shall be at the Dean's discretion depending on the health of the fund.

**Kinnane PhD Scholarship in Art History and Museum Studies**

---

The scholarship was established in 2017 and is maintained by the income of a perpetual endowment fund from a bequest to The University of Queensland under the will of Paula Ruth Kinnane, who graduated from The University of Queensland in 1991 with a Bachelor of Arts degree. The scholarship recognises Tony and Paula Kinnane who were lifetime lovers of art, art galleries, and collected art for their own pleasure, and to support emerging art museum professionals and art museums, especially in rural and regional Australia.

**Type**

Higher Degree by Research, Living Stipend Scholarship

**Eligibility**

The scholarship is open to Higher Degree by Research students in the disciplines of art history or museum studies.

**Selectors**

Selection of a scholar will be made by a selection committee convened by the Graduate School and approved by the Dean of the Graduate School.

**Selection Process**

Applicants will be ranked on the basis of:

- academic achievement, candidature progression and potential for scholastic success;
- the potential for the proposed activities to enhance the quality of the applicant's Higher Degree by Research thesis; and
- any other matters seen fit

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein. The scholarship shall be awarded when the Duration falls vacant or sufficient funds become available.

**Value**

The value of the scholarship shall be determined by the Dean, UQ Graduate School but will at a minimum include a living allowance equal to the UQGSS rate.

**Laurel Joy George Perpetual Scholarship**

---

This scholarship is in memory of Laurel Joy George. The scholarship was established to support PhD students whose studies focus on the prevention of metastatic melanoma. An endowment fund was donated in 2018 for this purpose.

**Type**

Higher Degree by Research, Top-Up Scholarship.

**Eligibility**

The scholarship is open, to PhD candidates who are successful in receiving a base stipend scholarship and will undertake research activities in (in order of preference):

- prevention of metastatic melanoma;
- research related to other cancers; or
- all other research related to human diseases.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a Graduate School selection committee.

### **Selection Process**

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success;
- the applicant's research as it relates to prevention of metastatic melanoma; and
- any other matters the selection committee sees fit.

### **Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

### **Value**

The value of the scholarship is a minimum of \$10,000 per annum. The value of the scholarship shall not exceed disbursements available from the fund.

## **L.C. Thompson Urological Scholarship**

---

Established in 1994 by a gift of \$75,000 from Dr Les Thompson, Urologist. The Scholarship is awarded for the purpose of enabling a postgraduate student within the Department of Surgery to pursue a program of study leading to the degree of Doctor of Philosophy.

### **Type**

Higher Degree by Research, Grant.

### **Eligibility**

The Scholarship is open to Higher Degree by Research candidates in the field of Surgery pursuing a Doctor of Philosophy.

### **Selectors**

Selection of a scholar will be made by the Dean, UQ Graduate School on the advice of a committee comprised of:

- the Associate Director of Research, or their delegate, of Medicine and Biomedical Sciences
- Dr L.C. Thompson or delegate and
- others with a special interest in the field of urology as determined by the Associate Director of Research of Medicine and Biomedical Sciences, Dr Thompson, or delegates.

### **Selection Process**

Applicants will be ranked on the basis of:

- academic achievement and experience in research and potential for scholastic success;
- any other matters the selection committee sees fit.

### **Duration**

The scholarship may be held for the length of the degree to a maximum of 3 years, with the potential for a half year extension subject to satisfactory progress and approval from UQ Graduate School. The scholarship is awarded as the Duration falls vacant.

### **Value**

The value of the scholarship is not to exceed \$1,000.

### **Special Conditions**

Where possible these scholarship funds should go to support Higher Degree by Research candidates researching the biology of renal cell carcinoma.

## Lynette Wo Scholarship

---

This scholarship has been established in memory of Lynette Wei Hung Wo by family and friends. The scholarship was established to encourage research into rare cancers, particularly mucosal melanoma in recognition of how research progress is needed in the field of rare cancers. This scholarship will support PhD students whose studies focus on mucosal melanoma or other rare cancers. An endowment fund was donated in 2018 for this purpose.

### Type

Higher Degree by Research, Grant

### Eligibility

The scholarship is open to PhD candidates who are successful in receiving a base stipend scholarship and will undertake research activities related to (in order of preference):

1. mucosal melanoma; or
2. other rare cancers.

### Selectors

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

### Selection Process

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success;
- the applicant's research as it relates to the treatment and / or prevention of mucosal melanoma or other rare cancers;
- strength of commitment to improve outcomes for patients with rare cancers and to pursue a research career in rare cancers; and
- personal qualities, including leadership skills and extra-curricular activities.
- Any other matters that the selection committee see fit.

### Value and number

The value of the scholarship is a minimum of \$4,500 per annum for up to four years. The value of the scholarship shall not exceed disbursements available from the fund.

## Madeleine Taylor Scholarship

---

The scholarship was established in 2011 and is maintained by a bequest from the estate of Madeleine Olive Taylor. The purpose of the scholarship is to support work in women's studies in the areas of sociology and anthropology.

### Type

Higher Degree by Research, Grant.

### Eligibility

- The scholarship is open to a Higher Degree by Research candidates or postgraduate coursework students who undertake research activities in women's studies in the areas of sociology or anthropology.
- HDR candidates must have completed Progress Review 1 to be eligible.
- Postgraduate Coursework students must have completed one semester of study to be eligible.

### Selectors

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of the Head of Social Science.

### Selection Process

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success; and
- the applicant's research as it relates to women's studies.

- the significance and relevance of the proposed use of the scholarship to the applicant's research, and
- any other matters the selection committee sees fit.

**Duration**

The Scholarship is a one off payment and applies to the year of award.

**Value**

The value of the scholarship is a minimum of \$1,000.

---

**Margaret Peters Bequest Scholarship**

---

Established through a bequest to the University under the will of the late Margaret Peters to support the field of Anatomical Sciences.

**Type**

Higher Degree by Research, Top Up

**Eligibility**

The Scholarship is open to Higher Degree by Research candidates undertaking a HDR program related to the field of anatomy.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

**Selection Process**

Applicants will be ranked on the basis of:

- Academic achievement and the potential of scholastic success; and
- Any other matters the selection committee considers to be relevant to the applicant's future research development.

Applicants may be requested to submit supporting evidence or other documentation as part of the selection process.

**Duration**

The Scholarship may be held for the duration stipulated in UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

**Value**

The value of the scholarship is at least \$8,000 and shall not exceed disbursements available from the fund. The Dean of the Graduate School will determine the number and value of Scholarships to be awarded based on the availability of disbursements from the fund.

---

**Maria Vasas Doctor of Veterinary Clinical Science Scholarship**

---

Through their gift, the Maria Vasas Foundation wishes to support a scholarship for a Doctor of Veterinary Clinical Science student immersed in equine health research and its application in treatment and care at the School of Veterinary Science.

**Type**

Higher Degree by Research, Living Scholarship

**Eligibility**

The Scholarship is open to Doctor of Veterinary Clinical Science students researching equine health and its application in treatment and care at the School of Veterinary Science.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

### **Selection Process**

Applicants will be ranked on the basis of:

- academic achievement and the potential of scholastic success; and
- any other matters the selection committee considers to be relevant to the applicant's future research development.

### **Duration**

The Scholarship may be held for the maximum duration of the Doctor of Veterinary Clinical Sciences program, 3.5 years. It will be managed in accordance with the UQ and RTP Research Scholarships Policy with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

### **Value**

The value of the scholarship will be no less than the UQGSS rate. The value of the scholarship shall not exceed disbursements available from the fund. The Dean of the UQ Graduate School will determine the number of scholarships to be awarded.

---

## **Mary Wing Ming Lee Research Scholarship**

The Mary Wing Ming Lee Research Scholarship has been established through the generous bequest of Dr Mary Wing Ming Lee. Dr Lee was an accomplished and well-respected clinical psychologist in Hong Kong who conducted prominent research in social psychology and family systems. She was also passionate about the environment and sustainability. Dr Lee enjoyed her time at the University of Queensland where she graduated with a Master of Psychology in 1996 and a Doctor of Philosophy in 2015. Dr Lee returned to Australia in recent years where she continued to practice psychology and worked to develop a permaculture project in a rural area outside of Brisbane. The scholarship is established in her memory to support Higher Degree by Research Students undertaking research in Sustainability and Sustainable Energy.

### **Type**

Higher Degree by Research, Top-up Scholarship

### **Eligibility**

The Scholarship is open to Higher Degree by Research PhD candidates undertaking research in Sustainability and Sustainable Energy.

### **Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

### **Selection Process**

Applicants will be ranked on the basis of:

- Academic achievement and the potential of scholastic success; and
- Any other matters the selection committee considers to be relevant to the applicant's future research development.

Applicants may be requested to submit supporting evidence or other documentation as part of the selection process.

### **Duration**

The scholarship may be held for the maximum duration stipulated in UQ and RTP Research Scholarships Policy, with approval by the Dean of the Graduate School and on compliance with all conditions stated therein.

### **Value**

The value of the scholarship shall be at least \$12,000 and not exceed disbursements available from the fund. The Dean of the Graduate School will determine the number and value of scholarships to be awarded based on the availability of disbursements from the fund.

---

## **McBride Travel Scholarship**

Helen McBride has donated a gift to the University of Queensland to create the McBride Travel Scholarship to be awarded to a student within the School of Psychology. The annual Scholarship will support one PhD Student

undertaking research in the area of Ethology, Animal Behaviour or Evolutionary Psychology to travel internationally and present their work at a conference or as an invited speaker in a collaborator's laboratory. The donor's contribution per annum will be \$2,500 with the School of Psychology matching this contribution. The total value of the scholarship will be \$5,000.

**Type**

Higher Degree by Research Travel Grant

**Eligibility**

The scholarship is open to students undertaking a Higher Degree by Research program in the School of Psychology at the University of Queensland who have been invited to present their work, or have already presented their work, at an international conference or as an invited speaker in a collaborator's international laboratory.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of the Head of the School of Psychology.

**Selection Process**

Applicants will be ranked on the basis of

- Academic Achievement and the potential of scholastic success
- Any other matters the selection committee considers to be relevant to the applicant's future development.

**Duration**

The scholarship is to be awarded annually as a one off payment, dependent on the donor and scholarship funds to support the award.

**Conditions**

If the scholarship is awarded to a recipient on the basis of an international speaking opportunity that does not eventuate, any scholarship funds awarded must be returned within 30 days of a request by the University.

**Value**

The scholarship will be valued at \$5,000.

---

**Morris W. Gunn Scholarship**

---

(Established in 1998 as a memorial to Morris William Gunn, appointed in 1969 as the inaugural Professor in Electrical Engineering (Communications). Professor Gunn was founder and director of MITEC Limited and a foundation director of AUSSAT Pty Ltd. Professor Gunn retired from the University in 1988. The Scholarship commemorates his unique contribution to engineering education and industry. The Scholarship is maintained from gifts by Professor Gunn's family and Dr John Ness.

**Type**

Higher Degree by Research, Top-Up and Grant

**Eligibility**

The Scholarship is open to HDR candidates in an area of technology relevant to telecommunications, microwave engineering or electromagnetics.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a committee comprising

- Head, or nominee, of the School of Electrical Engineering and Computer Science,
- Dr Andrew Gunn (or nominee); and
- Dr J. Ness (or nominee).

## Selection Process

Applicants will be ranked on the basis of:

- achievement and the potential for scholastic success.
- the financial need of the applicant; and
- any other matters the selection committee sees fit.

## Duration

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein. The scholarship shall be awarded when the Duration falls vacant or sufficient funds become available.

## Value

The value of the scholarship is up to \$25,000 (\$20,000 Top-Up, \$5,000 Grant) per annum, while ensuring the balance of the endowment does not fall below \$170,000.

## Nancy Jones Travelling Scholarship

---

Established in 1998 by a bequest from the estate of the late Raymond Benjamin Jones to commemorate the name of his late wife, Nancy Jones.

## Type

Higher Degree by Research, Travel.

## Eligibility

An applicant is eligible for the award of a scholarship in a year if, in that year, the applicant —

- is a confirmed Higher Degree by Research candidate undertaking a music performance research project for the piano, violin, viola or cello, and
- is a citizen or permanent resident of Australia;

## Selectors

The selection of a scholar will be made by the Graduate School upon recommendation of the Head of the School of Music.

## Selection Process

The Head of School must rank the eligible applicants for the year will rank applicants based on:

- The merit of the applicant's proposed use of the scholarship; and
- The significant and relevance of the proposed use of the scholarship to the applicant's Higher Degree by Research candidature; and
- The potential for the proposed use of the scholarship to further the applicant's development as a professional musician.
- Any other matters it thinks fit.

## Duration

The scholarship may be held for up to 1 year, for the period of travel.

## Value

The value of the scholarship shall be a minimum of \$3000 and shall not exceed disbursements available from the fund. The number and value of the scholarship shall be determined by the Dean of the Graduate School.

## Special Conditions

- The recipient of a scholarship must include in any paper that is published as a result of the research conducted while the recipient holds the scholarship a statement that the research was undertaken as the holder of the scholarship.
- The recipient of the scholarship must include in any program notes for performance recitals that incorporate research conducted while the recipient holds the scholarship a statement that the research was undertaken as the holder of the scholarship.

---

## Osiecki Travel Scholarship for Classics Research

---

Established during 2014 and maintained by an annual donation from Mr Henry Osiecki and Dr Vera Osiecki this scholarship is to support Classics scholars with funds for travel necessary for their research.

### Type

Higher Degree by Research, Travel Scholarship.

### Eligibility

The scholarship is open to:

- Higher Degree by Research candidates;
- candidates with a thesis topic in the Classics and Ancient History discipline.

### Selectors

Selection of a scholar will be by the Dean of the Graduate School on the recommendation of a committee comprising:

- the Head of School of Historical and Philosophical Inquiry;
- the holder of the Paul Eliadis Chair of Classics and Ancient History;
- Dr Vera Osiecki; and
- the Director of the R.D. Milns Antiquities Museum.

### Selection Process

The Dean of the Graduate School will rank applicants on the basis of:

- academic achievement and potential for scholastic success; and
  - how travel will enhance the student's research; and
  - any other matters they think fit.
- One scholarship recipient will be selected each year.

### Duration

The scholarship may be held for 1 year.

### Value

A minimum of \$12,000. The value of the scholarship shall not exceed disbursements available from the fund. The Dean, UQ Graduate School, may determine the number to be awarded with regards to the availability of disbursements from the fund.

---

## Owen Fletcher Research Fund

---

Established in 1980 by a gift of \$5,000 from Owen Maynard Fletcher, Solicitor, of Brisbane.

The fund may be used for the purpose of expanding and promoting research studies in law, and may make financial assistance available from the fund to eligible students, provided that if in any year it is of the opinion that research studies in law will be benefited by so doing,

### Type

Higher Degree by Research, Grant.

### Eligibility

Students enrolled as full-time candidates for the degree of Master of Laws or the degree of Doctor of Philosophy following a program of advanced study and research in law.

### Selectors

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of the Executive Committee of the School of Law.

### **Selection Process**

An eligible student may apply to the Committee for financial assistance from the fund. In considering whether to recommend that assistance be given, the Committee may take into account any matter which it considers relevant to the merits of the application, bearing in mind the donor's expressed wish that the fund should be used for the purpose of expanding and promoting full-time research studies in law.

### **Duration**

The scholarship is a grant and a one off payment will be made. This grant can be made no more than once each year.

### **Value**

The value of the scholarship shall not exceed the annual disbursement from the investment.

---

## **Patricia Byrne HDR Top-up in Clean Energy Research**

---

The Patricia Byrne Endowment Fund was created in 2011 to support emerging research needs at the University of Queensland. This top-up scholarship supports HDR students in the area of clean energy research.

### **Type**

Research Higher Degree, Top-Up Scholarship

### **Eligibility**

The scholarship is open to HDR candidates with preference given to those undertaking research in the discipline of clean energy (interpreted broadly to include a range of energy options, including but not restricted to renewables).

### **Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on recommendation by a selection committee established by the Dean of the Graduate School, of which University of Queensland [academic] staff must be in the majority.

### **Selection Process**

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success;
- any other matters the selection committee sees fit.

### **Duration**

The scholarship may be held for the maximum duration stipulated in UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

### **Value**

The value of the scholarship will be a minimum of \$13,000 per annum. The value of the scholarship shall not exceed disbursements available from the fund. The Dean, UQ Graduate School, may determine the number to be awarded with regards to the availability of disbursements from the fund.

---

## **Paula and Tony Kinnane PhD Scholarship**

---

The scholarship was established in 2016 and is maintained by the income of a perpetual endowment fund from a bequest to the University of Queensland under the will of Paula Ruth Kinnane.

### **Type**

Higher Degree by Research, Living Scholarship.

### **Eligibility**

The Scholarship is open to PhD candidates in the field of music.

**Selectors**

The selection of a scholar will be made by the Head of the School of Music and approved by the Dean of the Graduate School.

**Selection Process**

The Head of School will rank applicants based on:

- Academic achievement, experience in research, and potential for scholastic success; and
- Any other matters the Head of School considers to be relevant to the applicant's future development.

In ranking applicants, the Head of School will give preference to applicants from and projects benefitting a rural or remote region of Queensland.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

**Value**

The scholarship will provide the successful candidate with base stipend and research support to the value of \$50,000 per annum. The value of the scholarship shall not exceed disbursements available from the fund.

---

**Paula and Tony Kinnane PhD Top-Up Scholarship**

---

The scholarship was established in 2016 and is maintained by the income of a perpetual endowment fund from a bequest to The University of Queensland under the will of Paula Ruth Kinnane

**Type**

Higher Degree by Research Top Up Scholarship

**Eligibility**

The Scholarship is open to PhD candidates in the field of music who are already receiving a base stipend.

**Selectors**

The selection of a scholar will be made by the Head of the School of Music and approved by the Dean of the Graduate School.

**Selection Process**

The Head of School will rank applicants based on:

- Academic achievement, experience in research, and potential for scholastic success; and
- Any other matters the Head of School considers to be relevant to the applicant's future development.

In ranking applicants, the Head of School will give preference to applicants from and projects benefitting a rural or remote region of Queensland.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

**Value**

At least \$10,000 per annum over the life of the degree. The value of the scholarship shall not exceed disbursements available from the fund. The Dean, UQ Graduate School, may determine the number to be awarded with regards to the availability of disbursements from the fund.

---

## Peel Fellowship

---

Established in 1974 by a bequest to the University of approximately of \$27,000 under the will of Edward James Peel.

The objective of the Fellowship is to enable domestic students who are agricultural science graduates of The University of Queensland to obtain special experience abroad.

### Type

Higher Degree by Research, Living Scholarship.

### Eligibility

- The Scholarship is open to domestic Higher Degree by Research candidates enrolled full-time in studies in agricultural science and who have an undergraduate science degree from The University of Queensland.
- The recipient must conduct a period of research overseas, as approved by the recipient's PhD supervisor and the recommending committee.

### Selectors

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation by a Graduate School selection committee.

### Selection Process

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success;
- the value of the proposed overseas research component to the applicants studies; and
- any other matters the selection committee sees fit.

### Duration

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein. The scholarship shall be awarded when the Duration falls vacant or sufficient funds become available. Continuation of the scholarship is dependent upon the recipient maintaining enrolment as a full-time Higher Degree by Research candidate, unless in special circumstances the Dean of the Graduate School otherwise determines.

### Value

The scholarship equates to a living scholarship, the exact proportion to be determined by the Dean UQ Graduate School, as funds permit.

---

## Professor Philip Walker Surgery Research Scholarship

---

The Scholarship was established in 2020 in memory of Professor Philip Walker to support research in areas related to surgical disease.

### Type

Higher Degree by Research, Living Stipend Scholarship and Development Grant

### Eligibility

The scholarship is open to HDR Candidates who are medical students or medical graduates and who have a research focus on areas related to surgical diseases and where at least one member of the advisory team is a member of the Mayne Academy of Surgery within The University of Queensland Medical School..

### Selectors

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a Committee chaired by the Dean, Medical School or nominee and including the Mayne Chair of Surgery or nominee.

## Selection Process

Applicants will be ranked on the basis of:

- Academic achievement and the potential of scholastic success; and
- the potential for the proposed use of the scholarship and if applicable a development grant, to advance research in the field of surgery; and
- any other matters the selection committee sees fit.

## Duration

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

## Value

The value of the scholarship will be no less than the UQGSS rate and shall not exceed disbursements available from the fund. The Dean, UQ Graduate School may determine the number of living scholarships and amount of development funds to be awarded with regards to the availability of disbursements from the fund.

## Professor William Burnett Research Fellowships

---

The fellowship is in honour and acknowledgement of Professor William Burnett's contribution to Surgery, as the former Head of Surgery at The University of Queensland's School of Medicine. It was established in 2004 and is maintained by the income of a bequest from Professor Burnett's sister, Mrs Helen Ann Gordon Rimmer. The purpose of the scholarship is to support a PhD student in the discipline of surgery.

## Type

Higher Degree by Research, Living Stipend Scholarship and Development Grant

## Eligibility

The scholarship is open to HDR Candidates who have a research focus on areas related to surgical diseases and where at least one member of the advisory team is a member of the Mayne Academy of Surgery within The University of Queensland Medical School.

## Selectors

Selection of a scholar will be made by the Dean of the Graduate School on recommendation by a selection committee chaired by the Dean, Medical School or nominee and including the Mayne Chair of Surgery or nominee.

## Selection Process

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success;
- the potential for the proposed use of the scholarship and if applicable development grant, to advance research in the field of surgery; and
- any other matters the selection committee sees fit.

## Duration

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein. The scholarship may be awarded when the tenure falls vacant or sufficient funds become available.

## Value

The value of the scholarship will be no less than the UQGSS rate and shall not exceed disbursements available from the fund. The Dean, UQ Graduate School may determine the number of scholarships and amount of development funds to be awarded with regards to the availability of disbursements from the fund.

## RD Kitchen Scholarship

---

The scholarship was established in 2007 and is maintained by annual earnings from the RD Kitchen Perpetual Endowment Fund.

**Type**

Higher Degree by Research, Travel.

**Eligibility**

The Scholarship is open to Higher Degree by Research students in the field of music who completed Progress Review 1.

**Selectors**

Selection of a scholar will be made by the Graduate School Dean on the recommendation of a selection committee established by the Dean of the Graduate School, of which University of Queensland staff must be in the majority.

**Selection Process**

Applicants will be ranked based on:

- The merit of the applicant's proposed use of the scholarship; and
- The significant and relevance of the proposed use of the scholarship to the applicant's Higher Degree by Research candidature; and
- any other matters the selection committee considers to be relevant to the applicant's future success in their studies.

**Duration**

The scholarship is to be awarded annually, dependent on the donor and scholarship funds to support the award. The successful scholarship recipient may be held for up to 1 year, for the period of travel.

**Value**

The value of the scholarship shall a minimum of \$5000 and shall not exceed disbursements available from the fund. The number and value of the scholarship shall be determined by the Dean of the Graduate School.

**Conditions for scholarship**

If the scholarship is awarded to a recipient on the basis of an international opportunity that does not eventuate, any scholarship funds awarded must be returned within 30 days of a request by the University. The scholarship will be awarded in accordance with the UQ and RTP Research Scholarships Policy and on compliance with all conditions stated therein.

**Termination**

The University may terminate a scholarship if the recipient commits misconduct.

---

**Sam and Marion Frazer HDR Top-Up Scholarship in Immunotherapies**

---

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the Dean of the Graduate School and on compliance with all conditions stated therein.

## Value

The value of the scholarship shall not exceed 75% of the base stipend scholarship or exceed disbursements available from the fund. The Dean of the Graduate School will determine the number and value of scholarships to be awarded based on the availability of disbursements from the fund.

## The Nancy Low Choy Memorial Endowed HDR Development Scholarship

---

Through their gift, Emeritus Professor (Major General) Darryl Low Choy AM MBE RFD KSJ PhD and Family wish to support a Physiotherapy student who is facing financial hardship.

This Scholarship is in memory of Professor Nancy Low Choy, a Physiotherapy graduate and staff member of the University of Queensland who had a life-long research interest in the fields of Neurology and Gerontology and sought to encourage students to undertake postgraduate studies in these fields.

## Type

Higher Degree by Research, Top-up Scholarship

## Eligibility

The Scholarship is open to Higher Degree by Research candidates studying Physiotherapy who are facing financial hardship. There is a preference, though not a requirement, that the Scholarship benefit students undertaking research in neurology and/or aging. Students in receipt of this scholarship should not be in receipt of any other top up scholarships.

## Selectors

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

## Selection Process

Applicants will be ranked on the basis of:

- Academic achievement and the potential of scholastic success; and
- Any other matters the selection committee considers to be relevant to the applicant's future research development.

Applicants may be requested to submit supporting evidence or other documentation as part of the selection process.

### **Duration**

The Scholarship may be held for the maximum duration stipulated in UQ and RTP Research Scholarships Policy, with approval by the Dean of the Graduate School and on compliance with all conditions stated therein.

### **Value**

The value of the Scholarship is at least \$9,000 per annum and shall not exceed disbursements available from the fund. The Dean of the Graduate School will determine the number and value of Scholarships to be awarded based on the availability of disbursements from the fund.

## **The Randwick Equine Centre HDR Scholarship**

---

Through their gift, the Randwick Equine Centre is committed to supporting the education, training, and research of Higher Degree by Research (HDR) students undertaking the Doctor of Veterinary Clinical Sciences program in equine internal medicine.

### **Type**

Higher Degree by Research, Living scholarship.

### **Eligibility**

The Scholarship is open to Higher Degree by Research students undertaking the Doctor of Veterinary Clinical Sciences program in equine internal medicine.

### **Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

### **Selection Process**

Applicants will be ranked on the basis of:

- Academic achievement and the potential of scholastic success; and
- Any other matters the selection committee considers to be relevant to the applicant's future research development.

### **Duration**

The Scholarship may be held for the maximum duration of the Doctor of Veterinary Clinical Sciences program, 3.5 years. It will be managed in accordance with UQ and RTP Research Scholarships Policy and on compliance with all conditions stated therein.

### **Value**

The value of the Scholarship shall be at least the UQ living scholarship rate. Where there are insufficient funds the UQ School of Veterinary Science will provide co-funding to meet the minimum amount. The Dean of the Graduate School will determine the number and value of scholarships to be awarded based on the availability of disbursements from the fund.

## **The Staunton Poetry Scholarship**

---

Madonna Pearl Staunton OAM (1938–2019) was an artist and poet born in Murwillumbah who lived in Brisbane. Staunton was encouraged to make art by her mother, who was also a painter and poet of repute. Her father was a book trader, and she grew up in his store surrounded by literature. Her own studies of music and oriental philosophy, and her immersion in writing, particularly poetry, broadened her creative development.

Staunton is recognised for her contributions to Australian Modernism over five decades. Staunton herself described her art as 'an environment poetical, ironic, wistful ... the interplay and relationship of associated objects; the dislocation of association, suggestion, memory and whim'.

The purpose of this scholarship is to encourage and contribute to the research and study of Poetry. The scholarship was established through the bequest of Madonna Pearl Stanton (1938 – 2019) and is maintained on trust.

**Type**

Higher Degree by Research, Development Grant

**Eligibility**

The Scholarship is open to Higher Degree by Research candidates whose thesis is focused on completing a collection of poems or poetry criticism or requires them to travel to conduct their poetry research.

**Selectors**

Selection of a scholar will be made by the Dean of the UQ Graduate School on the advice of the Head of School, Communication and Arts.

**Selection Process**

Applicants will be ranked on the basis of:

- academic and/or creative achievement and the potential of research success;
- any other matters the selection committee considers to be relevant to the applicant's future research development; and
- the potential for the proposed activity to enhance the quality of the applicant's Higher Degree by Research thesis.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and in compliance with all conditions stated therein and on the advice of the Head of School, Communication and Arts.

The scholarship shall be awarded when the Duration falls vacant, sufficient funds become available and or on the advice of the Head of School, Communication and Arts.

**Value**

The Dean of the UQ Graduate School will determine the number of scholarships to be awarded. The minimum amount of the grant will be \$6,000 and shall not exceed disbursements available from the fund.

---

**The Sybil and Frank Maxfield HDR Top-up Scholarship in Diabetes**

---

Dr and Mrs David Brown wish to establish The Sybil and Frank Maxfield Higher Degree by Research Top-up Scholarship in Diabetes at the University of Queensland. This scholarship is motivated by the personal connection Dr and Mrs David Brown have had with the impact of diabetes and their wish to strengthen research in this field, also enhancing opportunities for students who are facing financial hardship to undertake a research career in diabetes.

**Type**

Higher Degree by Research, Top-up

**Eligibility**

The scholarship is open to students undertaking a Higher Degree by Research program with a focus on diabetes research and are not in receipt of any scholarships over and above the UQGSS rate.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

**Selection Process**

Applicants will be selected on the basis of:

- Academic Achievement and the potential of scholastic success
- Any other matters the selection committee considers to be relevant to the applicant's future development.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

**Value**

The value of the top-up scholarship is a minimum of \$10,000 per annum for four years. The value of the scholarship shall not exceed disbursements available from the fund.

---

**The WMC2023 Scholarship**

---

Through their gift, The World Mining Congress 2023 wishes to support a scholarship for Higher Degree by Research students experiencing financial hardship and undertaking research in the areas of responsible mining and mineral resources development.

**Type**

Higher Degree by Research, Top-up Scholarship

**Eligibility**

The scholarship is open to Higher Degree by Research candidates facing financial hardship and undertaking research in the field of responsible mining and mineral resource development. Students in receipt of this scholarship should not be in receipt of any other top up scholarships.

**Selectors**

Selection of a scholar will be made by the Dean of the Graduate School on the recommendation of a selection committee established by the Dean of the Graduate School.

The Scholarships may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein.

**Value**

The value of the Scholarship is \$12,000 per annum. The Dean of the Graduate School will determine the number of Scholarships to be awarded with regards to the value of the fund.

---

**Walter and Eliza Hall Travelling Scholarship**

---

The scholarship was established in 1949 and is maintained by a donation from the Trustees of the Walter and Eliza Hall Trust. The purpose of the scholarship is to support a Higher Degree by Research candidate in undertaking research travel overseas.

**Type**

Higher Degree by Research, Travel Plus.

**Eligibility**

The Scholarship is open to Higher Degree by Research students undertaking research travel overseas.

**Selectors**

Selection of a scholar will be made by a Graduate School selection committee and approved by the Dean of the Graduate School.

**Selection Process**

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success;
- the potential for the proposed travel to enhance the quality of the applicant's Higher Degree by Research thesis; and
- the potential for the proposed travel to expedite the completion of the thesis.
- any other matters seen fit.

**Duration**

The scholarship may be held for up to 1 year, for the period of travel.

**Value**

The value of the scholarship shall not be more than \$6,000 and shall not exceed disbursements available from the fund.

**Warwick and Nancy Olsen PhD Scholarship**

---

The scholarship was established in 2011 by Mr Warwick Olsen. The purpose of the scholarship is to support a Higher Degree by Research candidate in the field of biochemical engineering with a particular emphasis on using under-utilised natural resources in a manner beneficial to humanity.

**Type**

Higher Degree by Research, Partial Top-Up Scholarship.

**Eligibility**

An applicant is eligible for award if they are:

- A Higher Degree by Research candidate in the field of biochemical engineering.
- Hold a full living allowance scholarship.
- Is a domestic candidate.

**Selectors**

Selection of a scholar will be made by the Graduate School Dean on the recommendation of the Head of Chemical Engineering.

**Selection Process**

Applicants will be ranked on the basis of:

- academic achievement and potential for scholastic success;
- the creativity of the research and innovation it may drive;
- the educational and wider societal impacts that the research may have;
- whether there is a focus on the candidate's research focusing on under-utilised natural resources in a manner beneficial to humanity;
- evidence of how the student will promote the scholarship through their work and networks; and
- any other matters the selection committee sees fit.

**Duration**

The scholarship may be held for the maximum duration stipulated in the UQ and RTP Research Scholarships Policy, with approval by the UQ Graduate School Dean and on compliance with all conditions stated therein. The scholarship shall be awarded when the Duration falls vacant or sufficient funds become available. It is intended that at least two scholarships run at any one time and separate endowment funds have been established to support this. If no candidates of sufficient merit are identified then the funds will be returned to the capital for that year.

**Value**

The value of the scholarship shall be determined by the Dean of the Graduate School, but shall at all times preserve the capital. The scholarship equates to a top-up scholarship, the exact proportion to be determined by the Dean UQ Graduate School, as funds permit. At all times the capital should be preserved.

**Special Conditions**

The Scholar must be enrolled full-time throughout their studies.
